Steve Ivy Numismatic Auctions, Inc.

We get you the highest price for your money.

When you sell a coin, there's just one thing you want: the highest price possible.

To get the highest price possible, there's just one consistently reliable source to turn to: Steve Ivy Numismatic Auctions, Inc.

Our goal is to produce, time after time, the one thing you're interested in: the highest possible prices for your coins.

To do that, Steve Ivy Numismatic Auctions goes wherever the money is.

Through the most professional and sophisticated merchandising and advertising program in the numismatic industry.

With advertisements in Coin World, Barrons, The Wall Street Journals. Ads that reach buyers everywhere. Ads that sell your coins. Ads that increase the number of mail and floor bidders to give you the best chance of realizing the highest possible prices.

With all-color auction catalogs sent to thousands of buyers across the nation. We were the first and are still the only auction company to produce all-color catalogs. Color highlights your coins, attracts the eye of the bidder and brings out details that might pass unnoticed in a black and white catalog. Color gives your coins a much better chance of selling at the highest possible prices.

With CompuBid™, a Steve Ivy Numismatic Auctions exclusive. CompuBid™ is a highly advanced computerized innovation that allows each bidder to maximize his bidding dollars. Again, CompuBid™ is still another Steve Ivy Numismatic Auctions, Inc. feature that helps you to realize the highest possible prices for your coins.

With ads. With all-color catalogs. With new ideas like CompuBid™. With the most effective mailing list in the numismatic marketplace. Getting to the most interested buyers in the country with your coins. Because that's where the money is... for you and us.

Through consistent, highly comprehensive, well structured, unreserved auctions.

Many auction houses have auction sales that are cluttered with multiples and are assembled in an unorganized and cluttered manner. Oftentimes, your coins are graded by several different people, thereby eliminating the consistency which is so important to a successful sale. These facts hurt your chances to compete effectively for the highest possible prices. But Steve Ivy Numismatic Auctions are managed much better. They are intentionally structured, well organized and consistently graded to create the optimum buying environment for your coins. Our auctions are realistically competitive, resulting in the highest possible prices realized for you. Our auctions are also unreserved, so more bidders will participate to give you a better chance of obtaining the highest prices possible.

At every Steve Ivy Numismatic Auction, we put competition to work for you — not against you. Because that's where the money is... for you and us.

Through major city auction lot displays.

In addition to showing your coins to thousands of buying eyes in our ads and all-color catalogs, Steve Ivy Numismatic Auctions puts your coins on display in at least one major coin show in a major city before they go to auction. This way, still more people will be able to see your coins, increasing the number of bids and increasing your chances of obtaining the highest prices possible.

From New York to Chicago to Dallas to Los Angeles, we show your coins in major cities. Because that's where the money is... for you and us.

Through short consignment cut-off dates and timely cash advances.

Because we manage our company as efficiently as we manage our auctions, and because we send all our catalogs by

first class mail, we can offer you a consignment cut-off date that is very close to the date for the actual auction. And if you need money in a hurry, we'll make generous cash advances to you before we put your coins in auction. This means your coins will be in our possession for the shortest period of time, and you'll have the money to use.

Short consignment cut-off dates and cash advances. Because that's where the fastest money is... for you and us.

If you want the highest prices for your money, then you have to go where the money is. And the money is with us.

NUMISMATIC
AUCTIONS
INC.*

Dear Numismatist:

Once again, the staff of Steve Ivy Numismatic Auctions, Inc. is delighted to present an outstanding selection of auction material for your consideration. This catalog features consignments from all areas of numismatics. In addition to hundreds of U. S. coins, there is also a large selection of U. S. Currency and foreign material.

We are especially happy to offer you the collection of Mr. C. W. Henderson. Mr. Henderson is a retired pharmacist from the Pacific Northwest. He began collecting coins shortly after World War II, and collected actively until the late fifties. The great majority of his coins were purchased during this time. He stopped collecting in the early sixties, because "the prices became too high". Virtually all of Mr. Henderson's collection consisted of Choice and Gem Uncirculated coins. He indeed had an eye for quality that was unusual for collectors during that time. Most of his coins were stored in envelopes and, consequently, the majority of them exhibit toning of some nature, which can be seen in many of the beautiful color photographs in this catalog. In addition, we have over fifty other consignments from various collections, including one of the great American rarities, the historic 1876-CC Twenty-Cent Piece. There should be something for everyone in this sale, so we urge you to study this catalog closely for any specific coins you may need.

If possible, we would like to have you attend the sale in person. Should you be unable to do so, we again urge your participation as a mail bidder. Each phase of catalog preparation has been carefully constructed in order to present every lot as accurately as possible. CompuBid was an overwhelming success in our last sale, with approximately fifty percent of all mail bidders using this system. If you are a first time bidder, please read the Terms of Sale and Bidding in an Unreserved Auction on pages ii and iii, as well as the CompuBid information on pages iv and v.

As always, feel free to call any member of our staff for further information.

Sincerely,

Bob Merrill
Director

Terms of Sale

1. The highest bidder acknowledged by the auctioneer shall be the buyer. In the event of any dispute between bidders, the auctioneer's determination shall be final. The auctioneer may at his discretion immediately put the lot up for sale again.
2. All bids are to be per lot as numbered in this catalog and no lots will be broken. Bids accepted in whole dollar amounts only.
3. All sales are strictly for cash in U. S. funds (no credit cards accepted) and are due and payable immediately upon receipt of the auction invoice and/or the coins. Lots delivered on the floor are subject to all applicable state and local tax, unless appropriate permits are on file with us. Shipping, handling, and insurance charges will be added to invoices for lots delivered by mail.
4. New bidders who have not previously established credit must furnish satisfactory references well in advance of the sale date, or send a deposit of 25% of their bids, applicable to purchases. Any portion of such deposit not used will be promptly refunded after sale. We reserve the right to require payment in full before delivery of the merchandise. Title remains with Steve Ivy Numismatic Auctions, Inc. until all invoices are paid in full.
5. No buy or unlimited bids accepted. Mail bidders will be awarded lots at a 5 — 10% advance over the second highest bid. (See explanation of Bidding in an Unreserved Auction). No commission is charged for executing mail bids.
6. We cannot be responsible for your errors in bidding, so check your bid sheet carefully. When identical mail bids are submitted, preference is given to the first received.
7. Estimates will be given upon written request. Estimates regarding the value of the Auction Catalogs and Reference Works represent the cataloger's professional opinion as to the value of the lot. It is recommended that bidders approach or exceed the estimates in determining successful bids.
8. Minor's bids will not be accepted.
9. All coins are guaranteed genuine. No lots may be returned without written approval. In the unlikely event of returning a lot, we must receive notification of bidder's intent within three (3) days of his receipt of lot. No lots may be returned for any reason whatsoever (except for reason of authenticity) after 30 days from sale date. Lots returned must be housed intact in the original holder. No lots purchased by floor bidders may be returned.

Bidding In An Unreserved Auction

In an unreserved auction, there are no hold or reserve bids on any lots. Each lot is sold to the highest bidder.

In bidding by mail, it is possible to purchase a coin at a price less than your maximum bid. The following is an explanation of the mail bid procedures followed by this company:

Bids are recorded as they are received. At the close of mail bidding, the highest and second highest bids are transferred to the bid book.

On the floor of the auction, bidding is opened at 5 to 10% above the second highest mail bid. This bid is submitted by our company acting on behalf of the highest mail bidder. If the auctioneer recognizes no other bids from the floor, the highest mail bidder is awarded the lot at the opening bid. If bidding proceeds from the floor, the company, acting as the mail bidder's agent, registers bids in 5 to 10% increments over the previous bid. This process is continued until the mail bidder is awarded the lot, or the next bid is higher than the mail bidder's maximum bid.

An example of this procedure is set forth under these conditions:

On lot 25, highest mail bidder submits a bid of \$100, second highest mail bid is at \$50. In this case, bidding on the floor starts at \$55, and is bid by our company on behalf of the highest mail bidder. If no other bids are submitted by the floor, the highest mail bidder, who bid \$100, has purchased the lot for \$55. If other bids come from the floor, we bid for the highest mail bidder in 5 to 10% increments, as set by the auctioneer, until we reach the mail bidder's maximum bid of \$100. Since bidding has passed the mail bidder's maximum, we take no other action, and the bidding continues on the floor until the final purchaser has been recognized by the auctioneer.

Using this procedure, the mail bidder retains many of the advantages of the floor bidder.

As outlined above, it is clear to see that coins can be purchased at a price less than the maximum mail bid. This method of bidding for mail bidders is followed in this and all of our auctions.

Quantitative Grading

The quantitative grading system is utilized in describing and grading all coins in this catalog. The quantitative grade will be used in conjunction with the traditional letter grade in order to best describe the condition of the coin.

On occasion, we will use a plus (+) to designate that a given coin is somewhat better than the quantitative listed grade, but not nice enough to qualify for the next highest number. An example would be a 45+ grade which would be the equivalent to EF/AU.

Poor	=	1	Extra Fine	=	40 and 45
Fair	=	2	Almost Uncirculated	=	50
About Good	=	3	Ch. AU	=	55
Good	=	4 and 6	Uncirculated	=	60, 65 and 70
Very Good	=	8 and 10	Proof	=	60, 65 and 70
Fine	=	12 and 15			
Very Fine	=	20, 25, 30 35			

How to use CompuBid

The newest advancement in mail bidding techniques.

WHAT

CompuBid is a new method of mail bidding developed exclusively by Steve Ivy Numismatic Auctions for their mail bidders. CompuBid allows you, the mail bidder, almost all of the advantages usually held by the floor bidder. Now, as a CompuBid mail bidder, you can bid on as many lots as you desire, yet limit your purchases to your budgeted amount. It is just as if you were attending the auction in person.

WHY

CompuBid was created as an alternative to our conventional mail bidding system, which we still offer. CompuBid was developed to solve these typical problems facing the mail bidder: (a) you can bid on exactly what you want to buy although you would probably purchase less than you wanted, (b) in an effort to spend what you want, you can bid on more than you have budgeted but run the risk of over-purchase, (c) you can attend the auction in person and stop bidding when you reach your limit. With CompuBid, you can bid on the coins you desire, but limit your purchases to your maximum amount.

HOW

CompuBid is very simple to use. Just fill out your bid sheet in the usual manner except you list your buying limit (because of the increased accounting necessary, the minimum buying limit is \$200.00).

Here's how to fill out one of our bid sheets:

1. **Name, Address, City, State, Zip and Telephone Number.**

Your address is needed to mail your successful purchases. Your telephone number is needed so that we may instantly communicate any problems or changes that may affect your bids.

2. **References**

If you have not established credit with us from previous auctions, you must send a 25% deposit, or list coin dealers with whom you have credit established.

3. **Lot Numbers and Bids**

List all the lots you desire to purchase under the column headed "Lots". The reverse side of your bid sheet has additional columns, and you may also use a separate sheet. Under the heading "Amounts", enter the maximum amount you would be willing to pay for that lot (whole dollar amounts only). We will purchase the coin for you as much below your bid as possible.

4. **Total Bid Sheet**

Add up all of the bids and list that total in the appropriate box.

5. **Indicate Your Limit**

After you have totaled your bid sheet, determine how much you can budget to spend. Check the box for CompuBid, and list your spending limit.

6. **Sign Your Bid sheet**

Your bid sheet is now complete and needs only your signature. By signing the bid sheet, you have agreed to abide by the Terms of Sale listed in the auction catalog.

The Host Hotel—The Beautiful and Spacious Ramada Inn

Just as Texas is known for its “wide open spaces”, the host hotel Ramada Inn can be described as true Texan. Each of the Ramada’s rooms are generously large, all with a color TV and individualized climate control. All accommodations also feature direct dial phones and a menu of in-room movies. And like in Texas, where everything is big, the Ramada Inn offers “Super Suites”, gigantic mini-apartments within the hotel.

For hungry travelers, the Ramada Inn offers the fantastic food of the Windsock Restaurant with its unique decor. The Windsock has a replica of a large gas balloon in the center of the room with nostalgic reminders of the days of open cockpit, no flap flying. Dancing and entertainment are available nightly in the equally well decorated Windsock Lounge.

By virtue of its central location, the Ramada Inn offers its guests the convenience of going anywhere in Dallas in just minutes. For example, the many shops, restaurants, and bars of Dallas’ famous Old Town are only a quarter of a mile away. For a real experience, travel the few minutes from the Ramada Inn to nationally famous Northpark Shopping Center, which features both Lord and Taylor, and Texas’ own Neiman-Marcus.

Enjoy the Texas hospitality of the Ramada Inn. Plan to attend the auction in person. You may make reservations by calling Auction Director Bob Merrill toll-free at 1-800-527-4503.

Public Auction Sale

First Session

Friday, January 27, 6:00 P.M. (Lots 1-645)
Ramada Inn

All photographs are of the actual coins offered for sale. So that you may have the best possible reproductions on which to base your bids, we have provided twelve color plates for your inspection and enjoyment. The color plates are located on pages 4, 8, 9, 13, 16, 21, 24, 29, 32, 33, 36, and 56.

COLONIALS

- 1 1652 Pine Tree Shilling FINE/VERY FINE (15+)
Large Planchet. A straight clip on the right side of the obverse barely crops a few letters of the legend. An excellent, problem-free example of the historic Pine Tree coinage.
- 2 (1664) Elephant Token EXTREMELY FINE (45)
"God Preserve London", thick planchet. (see color photo)

HALF CENTS

- 3 1804 Crosslet "4", Stemless ALMOST UNCIRCULATED (50) Glossy surfaces.
- 4 1804 Plain "4", Stemless EXTREMELY FINE (45)
- 5 1806 CHOICE BROWN UNCIRCULATED (60+)
Gilbert I. Fully struck to the last detail. Nice, even, light brown color and quite lustrous. A very pleasant example of a Draped Bust Half Cent. (see color photo)
- 6 1855 ALMOST UNCIRCULATED (50) A few small spots.

LARGE CENTS

- 7 1793 Chain FINE (12) The date and legends are quite clear and the planchet is exceptionally clean. We have found that Chain Cents in this grade are quite difficult to locate. We feel this piece will no doubt create considerable interest. (see color photo)
- 8 1811 GEM BROWN UNCIRCULATED (65)
This is perhaps the strongest strike we have ever seen for a Turban Cent. The detail is incredible. The color is a glossy, medium brown and the surfaces are virtually perfect. A superb type coin which should incite spirited bidding. (see color photo)

- 9 1812 ALMOST UNCIRCULATED (50) Very well struck with nice color and surfaces. Excellent for type.
- 10 1820 GEM BRILLIANT UNCIRCULATED (65)
Fiery red color and very attractive. A premium coin. (see color photo)
- 11 1820 GEM RED AND BROWN UNCIRCULATED (65+) Absolutely superb! A fantastic strike with mark-free surfaces. Beautiful luster toned to a medium brown. We are indeed tempted to call this coin an MS 70. A real jewel. (see color photo)
- 12 1840 Small Date CHOICE BROWN UNCIRCULATED (60+) Touches of mint red adhere to the stars, lettering, and devices. A very pleasing example of the readily identifiable Newcomb 3 variety.
- 13 1841 ALMOST UNCIRCULATED (50) Cleaned, but retoning nicely.
- 14 1845 ALMOST UNCIRCULATED (50) Porous streaking on the obverse, which makes it curiously attractive.
- 15 1848 CHOICE ALMOST UNCIRCULATED (55+) Nice color.
- 16 1850 BROWN UNCIRCULATED (60) No defects.
- 17 1851 CHOICE BROWN UNCIRCULATED (60+) Excellent color and surfaces.
- 18 1851/81 CHOICE ALMOST UNCIRCULATED (55) The interesting diecutting blunder is clear to the naked eye.
- 19 1852 CHOICE BRILLIANT UNCIRCULATED (60+) Virtually full, glowing mint red. Only a few reverse carbon spots away from Gem. (see color photo)
- 20 1853 RED AND BROWN UNCIRCULATED (60)
- 21 1853 CHOICE BRILLIANT UNCIRCULATED (60+) Nearly full red.

LARGE CENTS, (cont'd)

- 22 1854 CHOICE RED AND BROWN UNCIRCULATED (60+) The obverse is mostly glossy brown; the reverse is 30% red. A very eye-appealing coin.
- 23 1855 Upright "5"'s CHOICE BROWN UNCIRCULATED (60+) Excellent surfaces. Almost all the stars are flat, although the central portions of the coin are quite sharp.

FLYING EAGLE CENTS

- 24 1857 GEM BRILLIANT UNCIRCULATED (65) Lightly toned and a razor-sharp strike. A very desirable type coin worthy of a top-grade type set. (see color photo)
- 25 1858 Large Letters GEM BRILLIANT UNCIRCULATED (65) Very lustrous and well struck. Lightly toned and strictly original. A handsome type coin. (see color photo)

INDIAN CENTS

- 26 1859 CHOICE ALMOST UNCIRCULATED (55) The obverse is lightly peppered with a few macroscopic nicks.
- 27 1859 GEM BRILLIANT UNCIRCULATED (65) A popular one year type coin. Nice luster and fully brilliant. (see color photo)
- 28 1862 GEM BRILLIANT UNCIRCULATED (65+) A superb example of copper-nickel coinage. (see color photo)
- 29 1862 GEM PROOF (65+) Superb! The nicest example of a Proof copper-nickel Cent we can remember seeing. Lightly toned with immaculate surfaces. Very highly recommended. (see color photo)
- 30 1863 CHOICE ALMOST UNCIRCULATED (55) Nice color and luster. One spot at the corner of the Indian's mouth.
- 31 1863 CHOICE BRILLIANT UNCIRCULATED (60+) Unusually beautiful toning for a copper-nickel coin.
- 32 1863 GEM BRILLIANT UNCIRCULATED (65) Very sharp and lustrous.
- 33 1863 GEM BRILLIANT UNCIRCULATED (65) (see color photo)
- 34 1864 Copper-Nickel GEM BRILLIANT UNCIRCULATED (65) Pristine. (see color photo)
- 35 1864 Copper-Nickel GEM BRILLIANT UNCIRCULATED (65) (see color photo)
- 36 1864 Bronze BRILLIANT UNCIRCULATED (60) Nearly full red, but there is one spot on the cheek, and evidence of a fingerprint on the reverse.

- 37 1864 Bronze LIMP PROOF (60) Although sometimes overshadowed by its initialed cousin, the 1864 L, this is one of the rarest Indians in Proof. Of the 150 made, few could equal this one.
- 38 1865 GEM BRILLIANT UNCIRCULATED (65) A premium coin. (see color photo)

- 191 1856 GEM BRILLIANT UNCIRCULATED (65) Extremely well struck with light golden toning. A lovely type coin. (see color photo)
- 192 1857 BRILLIANT UNCIRCULATED (60)
- 193 1857 GEM BRILLIANT UNCIRCULATED (65) Lightly toned, strictly original. (see color photo)
- 194 1858 BRILLIANT UNCIRCULATED (60) Brilliant obverse. The reverse bears a light golden tone, which partially conceals several light scratches.
- 195 1858 GEM BRILLIANT UNCIRCULATED (65) Exceptionally lustrous, and a decent strike.
- 196 1860-O BRILLIANT UNCIRCULATED (60) Tiny planchet flaw to the right of the date near the denticles. Sharp strike.
- 197 1861 CHOICE BRILLIANT UNCIRCULATED (60+) Lovely sea-green and gold toning.
- 198 1861 GEM BRILLIANT UNCIRCULATED (65) Beautiful blue, green, and golden peripheral toning. A superlative type coin. (see color photo)
- 199 1861 PROOF (60) A few light scuff marks. Struck from 90% rotated dies.
- 200 1861 GEM PROOF (65+) Gorgeous multicolored toning enhances a virtually perfect Proof coin. For the finest cabinet. (see color photo)
- 201 1862 GEM BRILLIANT UNCIRCULATED (65) Well struck, nice luster.
- 202 1864 PROOF (60) A curious defect, apparently as made, on the left reverse rim and, to a less evident extent, visible on the corresponding point of the obverse. The defect is a shallow, parallelogram-shaped depression which is the width of two denticles. Otherwise, a Choice example of this desirable date.
- 203 1866 CHOICE ALMOST UNCIRCULATED (55+) Just a slight rub away from Mint State. Lustrous, and as frosty as any example of this date we have seen.
- 204 1866-S ALMOST UNCIRCULATED (50)
- 205 1869 CHOICE PROOF (60+) Light golden toning.
- 206 1869-S CHOICE ALMOST UNCIRCULATED (55+)
- 207 1869-S GEM BRILLIANT UNCIRCULATED (65) An extremely scarce coin in this grade. An important opportunity for the Seated Half Dime specialist. (see color photo)

- 211 1873 CHOICE ALMOST UNCIRCULATED (55+) Unnatural peripheral toning.
- 212 1873-S BRILLIANT UNCIRCULATED (60) Fully brilliant. Slightest friction in the fields.

SHIELD NICKELS

- 213 1866 CHOICE ALMOST UNCIRCULATED (55+) Dulled and hairlined from an old cleaning. Weak shield lines.
- 214 1867 With Rays BRILLIANT UNCIRCULATED (60) A bit above average strike. The surfaces exhibit the usual light handling marks.

- 216 1868 GEM BRILLIANT UNCIRCULATED (65) (see color photo)

- 220 1872 CHOICE PROOF (60+) Near Gem quality.
- 221 1873 Closed "3" GEM BRILLIANT UNCIRCULATED (65+) Superb! 101% fully struck, with incredible mint luster. A premium coin. (see color photo)
- 222 1873 PROOF (55) A planchet lamination slants diagonally across the horizontal shield lines.
- 223 1874 GEM BRILLIANT UNCIRCULATED (65) Underrated in Mint State. (see color photo)
- 224 1875 GEM PROOF (65) Scarce date.
- 225 1875 GEM PROOF (65) Light golden toning. Quite nice.
- 226 1877 CHOICE PROOF (60+) Lightly toned. A date which is always in great demand. (see color photo)
- 227 1877 GEM PROOF (65) A second example of this Proof-only issue. (see color photo)
- 228 1878 GEM PROOF (65) A Proof-only issue, but this piece possesses strong business strike characteristics.
- 229 1879 GEM PROOF (65) Light golden toning. (see color photo)
- 230 1880 GEM BRILLIANT UNCIRCULATED (65) Tiny planchet defect after the last "a" of "America". (see color photo)
- 231 1880 CHOICE PROOF (60+) Appears to have been lacquered, or perhaps merely coated with a light application of petroleum jelly.
- 232 1881 CHOICE PROOF (60+) Only a few light speckles away from Gem.

SHIELD NICKELS, (cont'd)

- 237 1883 CHOICE ALMOST UNCIRCULATED (55+)
- 238 1883 CHOICE PROOF (60+) Lightly toned.
- 239 1883 GEM PROOF (65) (see color photo)

LIBERTY NICKELS

- 240 1883 With "Cents" GEM BRILLIANT UNCIRCULATED (65) A lustrous, fully struck example. (see color photo)
- 241 1884 CHOICE ALMOST UNCIRCULATED (55+)
- 242 1885 GEM BRILLIANT UNCIRCULATED (65) Since Liberty Nickels, while scarce in Gem BU condition, are still available and affordable to many collectors, they are extremely popular. Those who build a set of these usually either purchase an 1885 in Proof, or wait months or even years for the opportunity to acquire a true Gem Mint State specimen. Here is such an opportunity. (see color photo)
- 243 1886 CHOICE PROOF (60+) A nice coin that would complement any Gem set.
- 244 1886 GEM PROOF (65) Lightly toned. Very pretty. (see color photo)
- 245 1887 GEM PROOF (65)
- 246 1889 GEM BRILLIANT UNCIRCULATED (65) Well struck.
- 247 1889 PROOF (60) Harshly cleaned.
- 248 1889 GEM PROOF (65) Beautiful gold and blue toning. (see color photo)

- 253 1894 GEM BRILLIANT UNCIRCULATED (65+) Superb! (see color photo)
- 254 1895 CHOICE BRILLIANT UNCIRCULATED (60+) Fully lustrous and attractively toned. A surface mark or two away from Gem.
- 255 1897 GEM BRILLIANT UNCIRCULATED (65)

- 256 1898 CHOICE BRILLIANT UNCIRCULATED (60+)
- 257 1898 CHOICE PROOF (60+) A cluster of tiny spots near the tip of the bust
- 258 1899 GEM BRILLIANT UNCIRCULATED (65) Virtually mark-free. A light residue adheres to the stars and date, but not to a detracting degree.
- 259 1900 GEM BRILLIANT UNCIRCULATED (65) A couple of the stars are flatly struck.
- 260 1901 CHOICE BRILLIANT UNCIRCULATED (60+)
- 261 1902 GEM BRILLIANT UNCIRCULATED (65) Excellent strike, surfaces, and color.
- 262 1903 CHOICE BRILLIANT UNCIRCULATED (60+) A small nick beneath Liberty's ear.
- 263 1903 CHOICE BRILLIANT UNCIRCULATED (60+)
- 264 1903 GEM BRILLIANT UNCIRCULATED (65) Lovely, subtle toning. Sharp.

- 270 1911 CHOICE BRILLIANT UNCIRCULATED (60+) Two small obverse nicks.
- 271 1911 CHOICE BRILLIANT UNCIRCULATED (60+) A bit dull, but nicely toned.
- 272 1911 CHOICE PROOF (60+) Gorgeous toning but, unfortunately, a few light spots.
- 273 1912 CHOICE BRILLIANT UNCIRCULATED (60+) A few light surface marks.
- 274 1912 GEM PROOF (65) Blue, green, and gold peripheral toning; light gold through the centers. (see color photo)
- 275 1912-D GEM BRILLIANT UNCIRCULATED (65) Exceptionally lustrous and an above average strike, even though the centers of most of the stars are not sharp. (see color photo)
- 276 1912-S GEM BRILLIANT UNCIRCULATED (65) An incredible strike. The star, hair, and wreath detail is sharp. Further enhanced by peripheral pastel toning of several different colors. This would easily bring a four-figure price were it not for a tiny crack on Liberty's cheek due to a slight lamination of mint origin. This outstanding coin should not be overlooked for that trivial reason. (see color photo)

- 297 1924-S GEM BRILLIANT UNCIRCULATED (65) With the exception of the 1918/17-D, this has always been considered the key to the series. This piece is well struck with nice luster and is void of any defects. Light golden toning enhances the overall beauty of this coin. Indeed a premium coin that would fit nicely in any top-quality set. (see color photo)
- 298 1925 GEM BRILLIANT UNCIRCULATED (65+) Superb!

- 299 1925-S GEM BRILLIANT UNCIRCULATED (65) An above average strike, with glittering mint luster. (see color photo)
- 300 1926 GEM BRILLIANT UNCIRCULATED (65)

- 311 1937-D Three Legged GEM BRILLIANT UNCIRCULATED (65+) Superb! This piece is the nicest example of this date we have ever encountered. It is well struck with blazing mint luster. Not the slightest hint of any rub. Anyone who has collected Buffalos for any length of time knows how scarce this coin really is in this grade. Truly a candidate for runaway bidding. (see color photo)
- 312 1938-D/S GEM BRILLIANT UNCIRCULATED (65) Sharp overmintmark.

A GREAT AMERICAN RARITY: THE 1876-CC TWENTY CENT PIECE

Lot 439

The following lot forms an important landmark for Steve Ivy Numismatic Auctions. The thrill and pride that is received by researching and selling a major numismatic rarity such as an 1876-CC Twenty Cent Piece is an experience that very few are privileged to undergo, even in a lifetime.

Perhaps no other great American rarity embodies all the intangibles of numismatics: romance, history, beauty, and especially the unique aura of a truly rare coin better than the following coin which we proudly offer.

(Continued on next page.)

- 139 1876 CC — BRILLIANT — UNCIRCULATED — (60) Frosty luster on the obverse. Well struck. Light golden toning around the stars, date, and juncture of the obverse device with the fields. Distinctly doubled "Liberty", a boon for its diagnostic powers (it is present on all authentic specimens, but for some reason, that fact is not often pointed out by catalogers). The second through the tenth stars are recut, with the recutting boldly visible on the second through the eighth.

The reverse is semi-prooflike, a quality common to most known specimens. There are no detracting marks of any kind. A tiny cut diagonally traversing the base of the "I" of "AMERICA" is mentioned solely for the sake of future identity.

The 1876-CC Twenty-Cent Piece is a fabled American rarity. Over the decades of numismatic history in the United States, this classic has elicited the awe and respect of every numismatist that has had the privilege of handling one of the dozen or so known.

B. Max Mehl said of it: "(a) rarity that will pay untold dividends in pleasure and profit to the fortunate owner." That was in 1947, when his Will W. Neil specimen sold for \$1,700. How prophetic he was!

Stacks, in their sale of the fabulous Wolfson Collection (1963), stated that the 1876-CC Twenty-Cent Piece "is one of the most popular and sought-after rarities of the U. S. Series."

The Century Sale in 1965 included a specimen. Q. David Bowers, in his description, generalized: "The 1876-CC Twenty-Cent Piece is one of the classics of American numismatics."

The piece we proudly offer here is the Wolfson coin, which was purchased therefrom by R. L. Miles, Jr. It was subsequently sold again in the sale of his collection in April, 1969, realizing \$16,000 on a \$10,000 estimate. Through a third party, the consignor ultimately secured ownership of this elusive rarity.

Our research indicates that 1876-CC Twenty-Cent Pieces have been offered at the average rate of one coin every six years. With the tremendous growth of numismatics in this country, and the corresponding increase in demand for great rarities, we would not be surprised to see this frequency decrease to once a decade or less in the future. Obviously, the new owner can feel quite secure in knowing that he owns one of the most desirable of all U. S. coins, and that he has procured a shrewd investment as well. (see color photo)

440 1877 PROOF (60) Excellent in overall appearance, but magnification reveals light hairlines throughout. Scarcest date of Proof Twenty-Cent Pieces.

441 1878 CHOICE PROOF (60+) Light golden toning. Scant hairlines in the obverse field. (see color photo)

WALKING LIBERTY HALVES, (cont'd)

- 621 1921-S BRILLIANT UNCIRCULATED (60) A very nice example of this rare date. Well struck as this issue goes, with full skirt lines, but not a full head or hand. There are a couple of light reverse scratches, but the longest of these is well concealed on the eagle's left leg. Very lustrous. Not a five-figure coin, but the wise collector should seriously consider the addition of this rarity to his collection. (see color photo)

- 642 1867 PROOF (60) Scarce. Slight evidence of contact, probably with other coins.
- 643 1871 PROOF (60) Nicely toned, but a little flatly struck for a Proof, and there are some hairlines in the fields.

- 714 1889 GEM BRILLIANT UNCIRCULATED (65+)
Superb! Brilliant, mirror-surfaced prooflike. The nicest prooflike of this date we have seen.
- 715 1889-O CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck. Golden toning obverse.
- 716 1889-O GEM BRILLIANT UNCIRCULATED (65)
Full strike.
- 717 1889-O GEM BRILLIANT UNCIRCULATED (65)
Another scarce full strike.
- 718 1889-S GEM BRILLIANT UNCIRCULATED (65+)
Superb! Beautiful toning. Vastly superior to most encountered. (see color photo)
- 719 1889-CC CHOICE ALMOST UNCIRCULATED (50+) Fully prooflike surfaces. Well struck. The perfect coin for the prooflike Dollar collector who does not choose to spend four or five thousand dollars for a Mint State, prooflike example. (see color photo)
- 720 1890 GEM BRILLIANT UNCIRCULATED (65)
Prooflike. Shimmering, mirror surfaces. Light, pleasant contrast between the devices and fields. Fully struck. Definitely scarce this nice

MORGAN DOLLARS, (cont'd)

- 721 1890-O GEM BRILLIANT UNCIRCULATED (65)
Prooflike. Full breast feathers and very few abrasions.
- 722 1890-O GEM BRILLIANT UNCIRCULATED (65+)
Superb! Beautiful, golden, semi-prooflike surfaces. Absolutely fully struck—an unusual quality for this issue. (see color photo)
- 723 1890-CC GEM BRILLIANT UNCIRCULATED (65)
- 724 1890-CC GEM BRILLIANT UNCIRCULATED (65)
- 725 1890-CC GEM BRILLIANT UNCIRCULATED (65)
Prooflike. The fields are especially mirror-like. An inoffensive milling mark beneath Liberty's chin.
- 726 1890-CC GEM BRILLIANT UNCIRCULATED (65+)
Superb! Creamy white devices contrasted against deep, mirror fields. Minimal abrasions. For the collector who desires the finest. (see color photo)
- 727 1891 GEM BRILLIANT UNCIRCULATED (65)
Semi-prooflike. Above average strike, although the eagle's breast is not quite full.
- 728 1891 GEM BRILLIANT UNCIRCULATED (65)
Prooflike. A deeply mirrored, cameo example. Highly respected by experienced collectors, and given a deserved Rarity 8 rating in Miller's Analysis.
- 729 1891-S CHOICE BRILLIANT UNCIRCULATED (60+)
Semi-prooflike.
- 730 1891-CC CHOICE BRILLIANT UNCIRCULATED (60+)
- 731 1891-CC GEM BRILLIANT UNCIRCULATED (65)
Semi-prooflike. Attractive peripheral toning on the left side of the reverse.
- 732 1892 GEM BRILLIANT UNCIRCULATED (65)
A very nice strike.
- 733 1892 GEM BRILLIANT UNCIRCULATED (65)
Prooflike. Surfaces that are more deeply reflective than those on any other 1892 we have seen. Fully struck, with a partial wire rim on the reverse, and free of serious abrasions. Among all Morgans, this date ranks near the toughest with prooflike surfaces. The winning bid may have to approach four figures. (see color photo)
- 734 1892 GEM BRILLIANT UNCIRCULATED (65+)
Superb! The second of a fantastic pair of 1892 Dollars! This coin is special because of its superior strike and practically total lack of bag marks. Because of its outstanding quality, many would call the shimmering surfaces prooflike, but semi-prooflike is more accurate. A coin that would fit well into either a prooflike or a frosty set.
- 735 1892-O CHOICE BRILLIANT UNCIRCULATED (60+)
Semi-prooflike. The surfaces are reflective, especially on the reverse. The coin comes close to qualifying as a gray brilliant prooflike. The strike is good. The breast feathers are full, though not sharp. This coin is so rare in prooflike that this semi-prooflike example is sure to elicit much interest.
- 736 1892-O GEM BRILLIANT UNCIRCULATED (65)
Average strike. Mark-free obverse.
- 737 1892-O GEM BRILLIANT UNCIRCULATED (65)
Nearly a full strike.
- 738 1892-O GEM BRILLIANT UNCIRCULATED (65)
Average strike. Enhanced by a crescent of multicolored toning on the obverse.
- 739 1892-O GEM BRILLIANT UNCIRCULATED (65)
Virtually fully struck. Light golden toning and attractively bag mark free. (see color photo)
- 740 1892-O GEM BRILLIANT UNCIRCULATED (65)
Full strike. The one-out-of-six incidence of full strike 1892-O Dollars in this auction is a reasonable indicator of the infrequency with which they appear.
- 741 1892-CC GEM BRILLIANT UNCIRCULATED (65)
Sharply struck. Liberty's cheek is void of marks.
- 742 1892-CC GEM BRILLIANT UNCIRCULATED (65)
Prooflike. Fully struck to the most minute detail. An extremely pleasing example. (see color photo)
- 743 1893 GEM BRILLIANT UNCIRCULATED (65)
Popular date.
- 744 1893-O GEM BRILLIANT UNCIRCULATED (65)
Exceptionally lustrous and a much above average strike, with virtually full breast feathers. The few inevitable marks that are visible are very light and not distracting. Exceedingly difficult to locate this nice and sure to attract much interest. (see color photo)
- 745 1894-O CHOICE BRILLIANT UNCIRCULATED (60+)
Shimmering, semi-prooflike surfaces that are as reflective as one is likely to see on this date. Slightly above average strike. Note: Those less strict and consistent in their standards for prooflike Dollars might label this coin fully prooflike. (see color photo)
- 746 1894-S GEM BRILLIANT UNCIRCULATED (65)
Superior luster.
- 747 1894-S GEM BRILLIANT UNCIRCULATED (65)
Attractive, original toning. Completely struck-up. An unobtrusive reverse edge knock away from the superb classification. (see color photo)
- 748 1895-O EXTREMELY FINE (45)
Small obverse edge nick. Some luster.
- 749 1895-O CHOICE BRILLIANT UNCIRCULATED (60+)
Excellent luster and surfaces, with a light golden tone on the obverse and deeper, equally attractive toning on the reverse. Certainly no worse than an average strike for this, one of the toughest of all Morgan Dollars. (see color photo)
- 750 1896 GEM BRILLIANT UNCIRCULATED (65+)
Superb! Near perfection.
- 751 1896-O ALMOST UNCIRCULATED (50)
Prooflike.
- 752 1896-O CHOICE BRILLIANT UNCIRCULATED (60+)
Although it has a few normal signs of contact with other Dollars, this coin is especially desirable because of its exceptional strike. Every breast feather is visible.

MORGAN DOLLARS, (cont'd)

- 753 1896-O CHOICE BRILLIANT UNCIRCULATED (60+) Prooflike. An incredible, superb mirror reverse that is the best we have ever seen on this date. The obverse would match it were it not for the barest evidence of friction, which probably would not be evident if the surfaces were not so reflective. Fully struck.
- 754 1896-O GEM BRILLIANT UNCIRCULATED (65) Light golden toning. The breast feathers are complete, though not sharp. Especially free of marks. (see color photo)
- 755 1896-S GEM BRILLIANT UNCIRCULATED (65) Very sharp and lustrous. In full brilliance. No die striations, as seen on many of this issue.
- 756 1896-S GEM BRILLIANT UNCIRCULATED (65+) Superb! Gorgeous original toning. Free of mentionable marks and well struck. For the proud Morgan collector. (see color photo)

- 768 1900-S GEM BRILLIANT UNCIRCULATED (65)

- 770 1901 CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck. Two bag marks on Liberty's chin. The nice strike and luster would enable it to fit nicely into a Gem Set. (see color photo)
- 771 1901-S CHOICE BRILLIANT UNCIRCULATED (60+) Prooflike, and rare as such. Somewhat softly struck.
- 772 1901-S GEM BRILLIANT UNCIRCULATED (65) Sharp.

- 773 1902 GEM BRILLIANT UNCIRCULATED (65+) Superb! Brilliant gray prooflike. Quite scarce this nice. (see color photo)

- 777 1903 GEM PROOF (65+) Superb! One of the most beautifully toned coins of any type or denomination that we have ever seen. There are too many vivid shades to enumerate. The obverse and reverse are well matched. A splendid coin. (see color photo)
- 778 1903-O GEM BRILLIANT UNCIRCULATED (65) Prooflike.
- 779 1903-O GEM BRILLIANT UNCIRCULATED (65+) Superb!
- 780 1904 GEM BRILLIANT UNCIRCULATED (65+) Superb! In our experience, one of the rarest Morgans priced under \$1,000 in this near-ultimate condition. We would not be surprised to see this coin set a record price. (see color photo)
- 781 1904-O GEM BRILLIANT UNCIRCULATED (65+) Superb! Prooflike.
- 782 1904-S GEM BRILLIANT UNCIRCULATED (65) Well struck. A light mark on the eagle's breast, otherwise very free of abrasions. One of the few "S" Mints not in the Redfield Collection. (see color photo)

- 784 1921-S GEM BRILLIANT UNCIRCULATED (65) Even, golden toning of medium density. Well struck.
- 785 1921-S GEM BRILLIANT UNCIRCULATED (65) A superior strike.

TRADE DOLLARS

- 819 1873 CHOICE ALMOST UNCIRCULATED (55) Good strike and lustrous surfaces. First year of denomination.
- 820 1873 PROOF (55+) A Proof with light rubbing. Steel-gray in appearance.
- 821 1874 GEM PROOF (65) With the possible exception of the 1877, this is the most difficult Trade Dollar to find in Proof. When you do find 1874's, they are usually impaired. This piece is a gorgeous coin with light golden toning throughout and just a hint of blue peripheral toning. Worth a premium bid. (see color photo)
- 822 1875-S BRILLIANT UNCIRCULATED (60) Faint evidence of friction beneath golden toning. Very pleasing, and a potential bargain for the type collector. (see color photo)
- 823 1875-CC BRILLIANT UNCIRCULATED (60) Full, blazing mint luster. Above average strike. Not Choice only because of a few normal handling marks.
- 824 1876 CHOICE ALMOST UNCIRCULATED (55) Well struck and lustrous, with some patches of brownish toning on the reverse.
- 825 1876 GEM BRILLIANT UNCIRCULATED (65) Full, blazing mint frost and an incredible strike. One of the two or three nicest of this date we can remember seeing. A premium coin worth your consideration. (see color photo)
- 826 1876-S CHOICE ALMOST UNCIRCULATED (55)
- 827 1876-S CHOICE ALMOST UNCIRCULATED (55+) Prooflike obverse.
- 828 1877 EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Much luster remaining.
- 829 1879 GEM PROOF (65+) Superb! Fully brilliant with creamy, frost-white devices. An immaculate type coin. (see color photo)
- 830 1880 GEM PROOF (65+) Superb! Incredible surfaces accented by fantastic blue, green, and reddish toning. A coin for the perfectionist. (see color photo)
- 831 1881 GEM PROOF (65) Light, mottled toning. A near perfect example and very pleasing. (see color photo)
- 832 1882 GEM PROOF (65+) Superb! Splendid golden toning enhances near perfect surfaces. For the finest collection. (see color photo)
- 833 1883 PROOF (60) This coin is badly hairlined, but has attractive toning and is quite presentable.

U. S. PROOF SETS

- 834 1870 Proof Set CHOICE PROOF (60+) Ten pieces. A well matched set, both in terms of quality and toning which is predominantly blue, gray, and green on the silver pieces. The Three-Cent Silver, Half Dime, and Dime are virtual Gems. The Quarter, Half Dollar, and Dollar all show light hairlines. The Cent has two small obverse spots. The Two-Cent Piece, Three-Cent Nickel, and Nickel each exhibit light mishandling. Mounted in a plastic holder.
- 835 1890 Proof Set PROOF (60/65) Six pieces. The Cent, Nickel and Dime are Choice Proof (60+). The Quarter is an incredibly frosted Gem Proof (65). The Half is not a Proof, but a cleaned BU (60). The Dollar has a nice frosted appearance, but is lightly hairlined, including one significant hairline on Liberty's cheek, reducing its grade to Proof (60). A set that should be broken to free the Quarter.
- 836 1902 Proof Set PROOF (60/60+) Six pieces. The Nickel, Dime, and Dollar are Proof (60). The Cent, Quarter, and Half are Choice Proof (60+). There is a myriad of slide marks on the cheek of Liberty on the Dollar. The Dime has a small, circular planchet defect in front of Liberty's chin.
- 837 1911 Proof Set PROOF (60/65) Five pieces. The three silver coins appear to have been cleaned. The Quarter suffered the least and grades Choice Proof (60+); the Dime and the Half, only Proof (60). The Cent and Nickel are rather nice and grade solid Gem Proof (65).

COMMEMORATIVE SILVER

- 838 1893 Isabella 25c GEM BRILLIANT UNCIRCULATED (65) Nearly superb. The few patches of toning on the obverse should not deter the collector who seeks a high-quality specimen.
- 839 1893 Isabella 25c GEM BRILLIANT UNCIRCULATED (65) Exceptionally lustrous.
- 840 1900 Lafayette \$1 GEM BRILLIANT UNCIRCULATED (65+) Superb! A fantastic coin which is fully struck and has a full boot. In addition, this example has blemish-free surfaces. It is apparently from an old collection which has resulted in a deep, rich, gold and blue toning. Fully equal or better than any piece we have seen or handled. A candidate for runaway bidding. (see color photo)
- 841 1921 Alabama 50c GEM BRILLIANT UNCIRCULATED (65) Nice luster and strike. Difficult to locate this nice.
- 842 1935 Arkansas 50c GEM BRILLIANT UNCIRCULATED (65+) Beautiful, deep golden toning. (see color photo)
- 843 1934 Boone 50c GEM BRILLIANT UNCIRCULATED (65+) Uniform, light golden toning. (see color photo)
- 844 1936-S Bay Bridge 50c GEM BRILLIANT UNCIRCULATED (65+) Superb! Exquisite toning. (see color photo)

COMMEMORATIVE GOLD

- 866 1922 Grant With Star \$1 GEM BRILLIANT UNCIRCULATED (65) Quite nice. (see color photo)
- 867 1903 Louisiana Purchase Jefferson \$1 GEM BRILLIANT UNCIRCULATED (65) (see color photo)
- 868 1903 Louisiana Purchase-McKinley \$1 GEM BRILLIANT UNCIRCULATED (65+) Much, much above average. (see color photo)
- 869 1904 Lewis and Clark \$1 FINE (15) Perhaps used as a pocket piece. Not an unattractive coin, but evidence of a mounting removed from the edge.
- 870 1904 Lewis and Clark \$1 BRILLIANT UNCIRCULATED (60) Lustrous and quite acceptable. (see color photo)
- 871 1904 Lewis and Clark \$1 GEM PROOF (65) An incredibly rare coin. Breen lists the whereabouts of five pieces in his new book on Proof coins. In addition, he states that probably less than ten pieces exist. This particular coin appears to be Breen's plate coin on page 203 of his book. This piece has full, brilliant Proof surfaces and there is absolutely no question about it being a Proof. Because of its extreme rarity, it is hard to assess a value; however, we feel it would be safe to say it is worth several multiples of what a Gem Mint State example would bring. An important opportunity. (see color photo)
- 872 1915-S Panama-Pacific \$1 GEM BRILLIANT UNCIRCULATED (65)
- 873 1915-S Panama-Pacific \$2-½ GEM BRILLIANT UNCIRCULATED (65+) Superb! Full mint frost and pristine. Accompanied by the original envelope it was issued in at the Panama-Pacific Exposition in 1915. A very interesting piece of numismatic history. (see color photo)
- 874 1926 Sesquicentennial \$2-½ GEM BRILLIANT UNCIRCULATED (65) (see color photo)

ONE-DOLLAR GOLD

- 875 1849 Closed Wreath GEM BRILLIANT UNCIRCULATED (65+) Deep, full strike. A beautiful coin. An ideal type coin and the first year of issue. (see color photo)
- 876 1851-C VERY FINE (20) A couple of small edge dings on the reverse.
- 877 1852 GEM BRILLIANT UNCIRCULATED (65) Pristine. (see color photo)
- 878 1853 GEM BRILLIANT UNCIRCULATED (65) Fully struck and very nice. (see color photo)
- 879 1854 Type 1 BRILLIANT UNCIRCULATED (60) Fully lustrous and well struck. Three barely perceptible hairline scratches on the lower left obverse.
- 880 1854-S Type 1 EXTREMELY FINE (40) Scarce.
- 881 1854 Type 2 ALMOST UNCIRCULATED (50) Nice, orange color. Virtually perfect surfaces and quite well struck. Perfect for type. (see color photo)

- 882 1854 Type 2 CHOICE BRILLIANT UNCIRCULATED (60+) An exceptional amount of luster for this type. Well struck, as well, though the "8" of the date is a bit weak, as usual. A few light scrapes on the obverse keep this out of the Gem category.
- 883 1855 Type 2 EXTREMELY FINE ALMOST UNCIRCULATED (45+) Well struck and very pleasing.
- 884 1855-C EXTREMELY FINE/ALMOST UNCIRCULATED (45+) A well struck coin with considerable mint luster still adhering. Akers states in his book that the average grade of this date appearing in auction is a low VF, so this example is much above average. Its present value should approximate its current Redbook evaluation. (see color photo)
- 885 1856-S Type 2 EXTREMELY FINE/ALMOST UNCIRCULATED (45+) Scarce in high grades and very undervalued. (see color photo)
- 886 1856 CHOICE BRILLIANT UNCIRCULATED (60+) Nice mint frost.
- 887 1862 ALMOST UNCIRCULATED (50)
- 888 1862 GEM BRILLIANT UNCIRCULATED (65) Pristine. An excellent type coin. (see color photo)

- 890 1874 GEM BRILLIANT UNCIRCULATED (65) A glittering Gem.
- 891 1874 GEM BRILLIANT UNCIRCULATED (65) Beautiful mint frost. (see color photo)
- 892 1879 GEM BRILLIANT UNCIRCULATED (65+) Superb! Sparkling, prooflike surfaces. A mintage of only 3,000 pieces. Surely destined for future appreciation. (see color photo)
- 893 1883 GEM BRILLIANT UNCIRCULATED (65+) A frosty, glittering Gem with indescribably beautiful color and immaculate surfaces. (see color photo)

QUARTER EAGLES

- 897 1844-C CHOICE BRILLIANT UNCIRCULATED (60+) Fully struck-up, even down to the lines in the stars. Full, brilliant mint luster. One of the most outstanding pieces of Charlotte Gold we have had the pleasure of handling. Akers states in his book that only one Mint State example has been sold in public auction, and that was in 1911. An important opportunity for the Quarter Eagle or Charlotte Gold specialist. (see color photo)

QUARTER EAGLES, (cont'd)

- 898 1845-O VERY FINE (20) An interesting issue. Numismatists did not even know this date existed until the early 1900's.
- 899 1847-C CHOICE ALMOST UNCIRCULATED (50+) Very nice color. Well struck with a minimum of marks. (see color photo)
- 900 1856-S CHOICE ALMOST UNCIRCULATED (55+) The grade most often referred to as "Borderline Unc." This coin has full detail and most of its original mint color. Auction records for Mint State examples exceed \$3,000. (see color photo)
- 901 1861 GEM BRILLIANT UNCIRCULATED (65+) Superb! Impeccable surfaces and luster. Early Liberty Quarter Eagles such as this coin are not as scarce as the Half Eagles or Eagles of the same period, but are definitely underrated. Their price is held down by the fact that the mint, presumably because of size limitations, chose not to add the motto "In God We Trust" to the reverse in 1866. The design of the Quarter Eagle remained unchanged for 67 years! (see color photo)
- 902 1868-S ALMOST UNCIRCULATED (50) Quite scarce in high grades. (see color photo)
- 903 1874 CHOICE BRILLIANT UNCIRCULATED (60+) Beautiful rose color. An exceedingly rare date in this grade. (see color photo)
- 904 1878 BRILLIANT UNCIRCULATED (60)
- 905 1878 CHOICE BRILLIANT UNCIRCULATED (60+) Nice mint frost. (see color photo)
- 906 1879-S ALMOST UNCIRCULATED (50)
- 907 1895 PROOF (50) About half of the original Proof surface remains.
- 908 1896 GEM BRILLIANT UNCIRCULATED (65+) Superb! Beautiful color. Virtually no surface marks. (see color photo)
- 909 1901 BRILLIANT UNCIRCULATED (60) Nice color.
- 910 1901 CHOICE PROOF (60+) Brilliant surfaces with frosted devices giving it a beautiful cameo effect. One or two faint hairlines, otherwise fully Gem. A very appealing example of Proof Gold. (see color photo)
- 911 1902 GEM BRILLIANT UNCIRCULATED (65) A lovely type coin.
- 912 1903 GEM BRILLIANT UNCIRCULATED (65) Just beginning to tone. Very appealing.
- 913 1903 GEM PROOF (65) Full mint brilliance. A glittering Gem by anyone's measure. A coin for the finest cabinet. Out of a mintage of only 197, this is surely one of the finest known. Worth a premium bid. (see color photo)
- 914 1905 GEM BRILLIANT UNCIRCULATED (65+) Superb! Virtually perfect surfaces and lovely color.
- 915 1907 GEM BRILLIANT UNCIRCULATED (65) (see color photo)

- 916 1908 GEM BRILLIANT UNCIRCULATED (65+) Nice color. Popular first year of design. (see color photo)
- 917 1911 GEM PROOF (65) A magnificent example of Matte Proof Gold. Worth close to double the current Redbook price. (see color photo)
- 918 1911-D ALMOST UNCIRCULATED (50) Bold mint mark. Key to the series.
- 919 1912 GEM BRILLIANT UNCIRCULATED (65) Excellent color and luster.
- 920 1913 ALMOST UNCIRCULATED (50)
- 921 1914 EXTREMELY FINE (45)
- 922 1914-D GEM BRILLIANT UNCIRCULATED (65) Not a common date.

- 926 1926 GEM BRILLIANT UNCIRCULATED (65) (see color photo)
- 927 1928 CHOICE BRILLIANT UNCIRCULATED (60+)
- 928 1929 GEM BRILLIANT UNCIRCULATED (65+) Superb! A premium coin.

- 929 1854 EXTREMELY FINE (40) Nice color. A minimum of surface marks.
- 930 1856 CHOICE BRILLIANT UNCIRCULATED (60+) Well struck, nice mint frost, and virtually mark-free surfaces. A date which is quite uncommon in Mint State and is much scarcer than is generally recognized. Worth a premium bid. (see color photo)

- 938 1887 GEM PROOF (65) Deep, rich color with beautiful, orange-peel surfaces. One of the finest Proof Three's we have seen in some time. A jewel. (see color photo)
- 939 1889 CHOICE BRILLIANT UNCIRCULATED (60+) Well struck. Nice color. Formerly in our Trinity Sale.

HALF EAGLES

- 940 1807 Bust Left CHOICE BRILLIANT UNCIRCULATED (60+) Nice, deep orange color. One of the more attractive pieces of this type we have encountered. A superlative coin for that advanced Gold type set. (see color photo)

- 942 1842-D Small Date EXTREMELY FINE (40)

EAGLES, (cont'd)

- 981 1855 GEM BRILLIANT UNCIRCULATED (65)
Pristine. Perhaps the nicest example of a Mint State No Motto Eagle we have ever handled. This piece is very well struck and has sparkling mint luster. A premium type coin which will no doubt elicit considerable interest from Type Gold collectors. Sales records in excess of \$5,000. (see color photo)
- 982 1859 ALMOST UNCIRCULATED (50) A seldom encountered date in any grade above Very Fine.
- 983 1875-CC VERY GOOD (10) A nice, clean, worn example of this very scarce date.

- 1014 1857-S GEM BRILLIANT UNCIRCULATED (65)
Another splendid example of a Type 1 Twenty. Glittering luster with a minimum of surface marks. Only the second of this date we can remember seeing in this grade. With the exception of the 1977 A.N.A. coin which sold for \$3,750, this is the nicest of this date and mint we have encountered. It has full, sparkling mint luster and excellent color. In addition, it has no heavy bag marks whatsoever. A truly beautiful coin destined for the finest collection. (see color photo)

Please detach and mail to:

Steve Ivy Numismatic Auctions, Inc.

We get you the highest price for your money.

When you sell a coin, there's just one thing you want: the highest price possible.

To get the highest price possible, there's just one consistently reliable source to turn to: Steve Ivy Numismatic Auctions, Inc.

Our goal is to produce, time after time, the one thing you're interested in: the highest possible prices for your coins.

To do that, Steve Ivy Numismatic Auctions goes wherever the money is.

Through the most professional and sophisticated merchandising and advertising program in the numismatic industry.

With advertisements in Coin World, Barrons, The Wall Street Journals. Ads that reach buyers everywhere. Ads that sell your coins. Ads that increase the number of mail and floor bidders to give you the best chance of realizing the highest possible prices.

With all-color auction catalogs sent to thousands of buyers across the nation. We were the first and are still the only auction company to produce all-color catalogs. Color highlights your coins, attracts the eye of the bidder and brings out details that might pass unnoticed in a black and white catalog. Color gives your coins a much better chance of selling at the highest possible prices.

With CompuBid™, a Steve Ivy Numismatic Auctions exclusive. CompuBid™ is a highly advanced computerized innovation that allows each bidder to maximize his bidding dollars. Again, CompuBid™ is still another Steve Ivy Numismatic Auctions, Inc. feature that helps you to realize the highest possible prices for your coins.

With ads. With all-color catalogs. With new ideas like CompuBid™. With the most effective mailing list in the numismatic marketplace. Getting to the most interested buyer in the country with your coin. Because that's where the money is... for you and us.

Through consistent, highly comprehensive, well structured, unreserved auctions.

Many auction houses have auction sales that are glutted with multiples and are assembled in an unorganized and cluttered manner. Oftentimes, your coins are graded by several different people, thereby eliminating the consistency which is so important to a successful sale. These facts hurt your chances to compete effectively for the highest possible prices. But Steve Ivy Numismatic Auctions are managed much better. They are intentionally structured, well organized and consistently graded to create the optimum buying environment for your coins. Our auctions are realistically competitive, resulting in the highest possible prices realized for you. Our auctions are also unreserved, so more bidders will participate to give you a better chance of obtaining the highest prices possible.

At every Steve Ivy Numismatic Auction, we put competition to work for you — not against you. Because that's where the money is... for you and us.

Through major city auction lot displays.

In addition to showing your coins to thousands of buying eyes in our ads and all-color catalogs, Steve Ivy Numismatic Auctions puts your coins on display in at least one major coin show in a major city before they go to auction. This way, still more people will be able to see your coins, increasing the number of bids and increasing your chances of obtaining the highest prices possible.

From New York to Chicago to Dallas to Los Angeles, we show your coins in major cities. Because that's where the money is... for you and us.

Through short consignment cut-off dates and timely cash advances.

Because we manage our company as efficiently as we manage our auctions, and because we send all our catalogs by

first class mail, we can offer you a consignment cut-off date that is very close to the date for the actual auction. And if you need money in a hurry, we'll make generous cash advances to you before we put your coins in auction. This means your coins will be in our possession for the shortest period of time, and you'll have the money to use.

Short consignment cut-off dates and cash advances. Because that's where the fastest money is... for you and us.

If you want the highest prices for your money, then you have to go where the money is. And the money is with us.
